

# NGUVU Edu Sport e.V. has a new home

**At last: In December 2018 the NGUVU Edu Sport e.V.-Family could move into a new centre!**

The NGUVU Edu Sport e.V.-centre is located in the heart of Juja in Central Kenya and offers all members of the NGUVU-family a safe haven to relax, enjoy themselves, play, to cry, to laugh and just to be a child.

Of course, the house moving has been mastered together as a family, and even the cleaning is team work .

Whether it's an afternoon of games...

... or washing day:

The doors of the NGUVU Edu Sport e.V.-centre are always open to anyone!

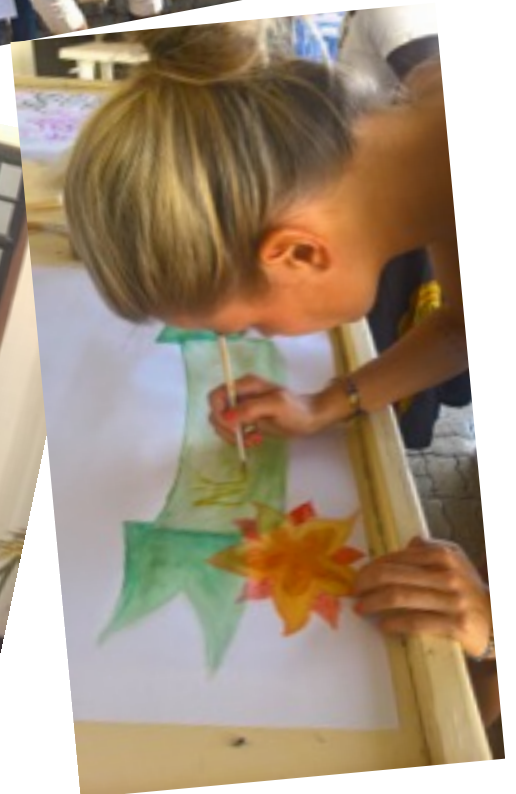

## **The first volunteer at NGUVU Edu Sport e.V.**

Gillian is 24 years old, lives in Delbrück in Ostwestfalen, Germany, and signaled in the past year that she would like to support NGUVU Edu Sport e.V. through active participation. Generally, NGUVU Edu Sport e.V. is very open to young people who want to participate in the project, and thus Gillian could be accommodated after many preparing talks as a first volunteer in the new NGUVU Edu Sport e.V. centre from the 4th of January until the 8th of February 2019. She participated in all parts of the project in a great way and was an enrichment for the project - Asante Sana!

## **NGUVU Edu Sport is now officially registered as a CBO in Kenya**

At the 7th February 2019 NGUVU Edu Sport e.V. officially received the certificate for the registration as a Community Based Organization (CBO) by the **MINISTRY OF EAST AFRICA COMMUNITY; LABOUR AND SOCIAL PROTECTION DEPARTMENT OF SOCIAL DEVELOPMENT**. In Kenya the project is now officially called **NGUVU Edu Sport CBO**.

**A milestone for NGUVU!**

## Former street child now attends Secondary School

Two years ago, NGUVU Edu Sport e.V. brought 17-year-old Brian back home from the streets, after he participated

for more than one year in the NGUVU Street Children Activity Program in Kianduttu, Thika.

Since that time, Brian lives with his grandfather in Sagana / Njeri.

Through the support of NGUVU Edu Sport e.V., he is able to attend Secondary School since January after successfully completing Primary School.

## **The NGUVU-Street-Children-Activity-Program also continues in 2019**

The street children who participate at the NGUVU-Activity-Program in Kianduttu close to Thika are coming from the poorest families. They can't go to school anymore, fight for their daily survival and have little or more likely no perspective for a better life.

At the same time those children are incredibly grateful for food or a football match - and for the time we take for them, in which we speak with them, listen to them and give them the feeling that they are also loved.

## NGUVU Edu Sport e.V. stays active in 2019 - on the sports ground and beyond!
